CIRCULARS AND AMENDMENTS ISSUED BY THE MARKET REGULATORS:

Specific due diligence of investors and investments of AIFs

The Market Regulator, Securities and Exchange Board of India (SEBI), has implemented specific due diligence of investors and investments of AIFs Alternative Investment Funds (AIFs) aimed at strengthening compliance and enhancing investor protection, dated 8th August, 2024. This regulatory update underscores the importance of thorough vetting processes for AIFs and their managers, ensuring that the privileges intended for Qualified Institutional Buyers (QIBs) and Qualified Buyers (QBs) are not exploited by ineligible investors.

Key features of these regulations include the obligation for AIFs to conduct enhanced due diligence when a significant portion of their corpus (50% or more) is contributed by a single investor or a group of investors. This measure aims to prevent those who do not meet the criteria for QIB status from improperly accessing associated benefits.

Additionally, investments in Security Receipts will face stricter scrutiny to maintain compliance with the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act.

Furthermore, the new rules impose rigorous compliance measures for RBI-regulated entities to avoid the ever-greening of stressed assets through AIFs. There will also be specific reporting requirements for investments coming from countries that share a land border with India, ensuring that any such investments are subject to the necessary approvals.
